

## **Financial Assistance Policy – Plain Language Summary**

We offer financial help to our patients who cannot pay all or part of their medical bills. You may apply for help through one of our two financial assistance programs: Charity Care or Senior Partners. These programs cover charges for many of our services at our clinics and hospitals.

### **What is Charity Care?**

- You may qualify for discounted care based on your household income and assets (like a house or car). Your income may be up to nearly three times (300%) the Federal Poverty Level.
- **Covers:** Emergency and medically necessary care
- **Does not cover:** Out-of-network services (based on your insurance) or care provided by a non-Fairview or non-HealthEast doctor

### **How do I apply?**

To apply, call the number listed below. We will mail an application to you along with a list of the required documents (you will need to show proof of your income and property). You may also print an application from our website. You can also stop by the hospital information desk or call a financial counselor for assistance with the application process at the hospital where you received your care.
